Hull Style		Hull Type	
Power Type	Power	Stock Number	F115LB
Condition	New	State	Western Australia
Suburb	CANNING VALE	Engine Make	

Description

Yamaha has been leading the way in the 115 horsepower four-stroke category for over ten years, with exceptional models that have proven the true value and versatility that a four-stroke outboard can deliver Australian boaters. With its increased engine capacity and a weight reduction of 15kg, the latest generation Yamaha F115 offers the best power-to-weight performance in its class - while maintaining an extremely fuel efficient and smooth operation that Yamaha four-strokes are famous for. This engine utilises a 16 valve, dual overhead camshaft design, electronic fuel injection and big bore throttle body to deliver awesome acceleration and mid-range responsiveness. The 115 horsepower is now available in both signature Yamaha grey and new pearlescent white colour options, in both long and extra long shaft length.

Technical Specification

HeightL: 516 [20.3] | X 643 [25.3]
 WeightL: 171 | X: 176
 Engine4-Stroke, 16 Valve DOHC Direct Action In-line 4
 Displacement1832.0
 Bore81.0 x 88.9
 Max RPM5300-6300
 LubricationWet-sump
