**Boat Details**

Price	POA	Boat Brand	Mercury
Model	30 HP EFI (Fourstroke)	Length	0.00
Year	2021	Category	Boat Engines and Outboards
Hull Style		Hull Type	
Power Type		Stock Number	0
Condition	New	State	Western Australia
Suburb	MIDVALE	Engine Make	Mercury

**Description**

Mercury 30hp FourStroke outboard makes light work of your biggest adventures. Quick and compact. Reliable and durable. Efficient and easy to own. FourStroke outboards bring big capabilities to small vessels.

**Speed and Acceleration**

FourStroke outboards are optimised for reliable performance and fun in all seasons. The 500cc, single-overhead cam design delivers the fastest speed and acceleration among 3-cylinder, 30hp outboards.

**Lightweight & Compact**

Pound for pound, these outboards are big performers. They're the lightest 3-cylinder outboards in their class.

**Powerful Alternator**

Even at low speeds, the 17-amp alternator delivers powerful battery-charging output to keep onboard electronics humming. And there are no belts or bearings to maintain.

**FourStroke Advantage**

**Power to Move More:**With efficient air intake, the powerhead generates impressive torque to move heavy loads with ease. And because the engine works less, it lasts longer, for years of reliable service.

**Remote or Tiller Controls:**Configure your outboard to fit your boat and your needs, with remote controls for steering from the helm or a nearly 23-inch tiller that's perfect for precision handling.

**Comfortable Setting:**The tiller adjusts for left- or right-handed driving and features a down-angle stop that holds it at the right height for comfortable steering while seated or standing. Throttle friction can also be adjusted to help hold speed.

**Custom-Matched Prop:**A series of Black Max propellers, designed specifically for the 25 and 30hp FourStroke family and offered in 1-inch pitch increments, lets you choose the perfect prop to optimise performance with your boat.

**Horsepower**

**30hp EFI**

- Engine type
- Inline 3

**Displacement (CID/CC)**

- 30.5 cu in (500cc)

**Full throttle RPM**

- 5800-6200

**Starting**

- Electric
- Manual

**Steering**

- Remote
- Tiller

**Shaft length**

- 15" / 381 mm
- 20" / 508 mm

**Gearcase ratio**

- 2.17:1

**Dry weight \*Lightest model available**

- 145 lbs / 65.7 kg

- Trim system
- Gas assist
  - Power trim and tilt
