Boat Details

Price	POA	Boat Brand	Mercury
Model	60 EFI FormulaRace	Length	0.00
Year	2024	Category	Boat Engines and Outboards
Hull Style		Hull Type	
Power Type		Stock Number	0
Condition	New	State	Western Australia
Suburb	CANNING VALE	Engine Make	Mercury

Description

Mercury 60 EFI FormulaRace - Mercury Racing is pleased to announce the introduction of the all-new Mercury 60 EFI FormulaRace outboard. The 60 h.p. in-line four-cylinder engine expands Racing's breadth of low-emissions 4-strokes; an offspring of the venerable Verado 350 SCi outboard. The two join Mercury Racing's line of OptiMax "XS" series of low-emissions 2-stroke consumer outboards.

The engine, built at Mercury Marine's state-of-the-art outboard manufacturing facility in Suzhou, China, was designed specifically to meet increasing demand for engines in support of the popular Mercury FormulaFour outboard tunnel boat racing series. The series, featuring one-design 14-foot tunnel race boats powered by a production Mercury 60 EFI 4-Stroke outboard, was originated by Brunswick Marine Sweden and their dealer Mikael Frod .

Although racing is basically exempt from emissions regulations, event promoters are beginning to realize that they need to create new classes and/or update existing boats with emissions compliant power. The 60 EFI FormulaRace provides racers and promoters with an affordable modern engine which is also environmentally responsible. Racing communities throughout Germany, Poland, China and the Middle East have expressed interest in the Mercury FormulaFour series.

SPECIFICATIONS

- HP @ Prop 60
- kW @ Prop 44.1
- Max RPM (WOT) 5500-6000
- Cylinder/Configuration 4 (in-line)
- Displacement (CID/cc) 60.8/995
- Bore & Stroke (in) 2.56 x 2.95
- Bore & Stroke (mm) 65 x 75
- Cooling System Water-cooled w/thermostat
- Ignition System ECM 555 Digital Inductive
- Starting Electric (Turn key)
- Gear Ratio 1.83:1
- Gear Shift F-N-R
- Steering Remote
- Alternator Amp 18
- Alternator Watt 223
- Trim System Power trim
- Exhaust System Through prop
- Lubrication System Integrated Wet Sump
- Fuel/ Ethanol Tolerance 87 Octane / Up to 10%
- Recommended Oil Mercury Synthetic Blend 25W-40
- Fuel Induction System 2-Valve per Cylinder, Single Overhead Cam (SOHC)
- Shaft Length (inches) 15
- Shaft Length (mm) 381
- Dry Weight (lbs.) 247
- Dry Weight (kg.) 112
- Operator Warning System SmartCraft Engine Guardian
- Available Propellers Contact Mercury Racing
- SmartCraft Yes
- Warranty None

Features

Horse Power (hp)	60
