Description

Mercury NXT6 SSM FEATURES

- Swept-back skeg design.
- Innovative dry-sump lubrication system uses one-fifth the quantity of gear oil used in previous models.
- Comes standard with the 1100. Available as an option with the 525 EFI, 600 SCi, EU662 SCi, and 700 SCi engine packages.
- Upper gear housing allows for quick change of gear ratios.
- Large, heavy-duty universal joint and driveshaft.
- Forged lower-unit gears provide greater strength.
- Input rated up to 1160 foot-pounds of torque.
- Hydraulic power steering cylinders are designed into the drive unit.
